### Section III - Entomology

Purple/Blue - \$3.25; Red - \$2.25; White - \$1.25

#### Entomology Rules:

1. A 4-H member may exhibit in the collection and/or educational class for the phase for which they are enrolled.

2. All entries are to be placed in a plexi-glass covered, wooden box with outside measurements of 18x24x31-1/2". See specific phase for box and specimen number limitations.

3. Each exhibitor is required to identify each box by placing an identification label bearing exhibitor's name and county, and the class. One label goes in the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Arrange specimens in the box so that it can be displayed lengthwise.

4. The number of orders, specimens (and families, where required) must be included on the exhibitor's box identification label.

5. Emphasis in judging will be placed on the overall variety of Kansas insects represented in the collection, accuracy of identification, skill and technique acquired in mounting of specimens, and overall arrangement and appearance of the collection.

6. For each collection class, two labels will be centered on the pin beneath each specimen. First (closest to the specimen) is the common name label and the second label is the date/locality label.

#### Educational Exhibits

Educational exhibits are to be displayed in one standard size insect box and identified by use of an identification label as discussed above. It is to include the exhibitor's name, county, and class. Information on numbers and kinds of insects is not needed for educational exhibits. Displays may consist of specialized groups of insects, or relate to any aspect of insect life. Display should be presented in a clear, concise and interesting manner.

1. Educational classes are limited to one standard box, a maximum of 150 specimens, and work performed during the current year. Title of the exhibit should be indicated inside the box.

2. Purpose of this project is to learn more about the importance, life cycles, biology, ecology, diversity, etc. of insects and related arthropods. Subject matter can be as varied as the insects themselves.

### Beginning Entomology I

**H-301**-Collection - Display in one standard box a minimum of 50 and a maximum of 125 species representing at least 7 orders. Specimens should be grouped according to the order. Order labels should be pinned to the base of the box.

**H-302**-Beginning Educational Exhibit

### Beginning Entomology II

**H-303**-Collection - Display in one standard box a minimum of 75 and a maximum of 150 species representing at least 9 orders. Follow instructions listed for all collections in rules one through six

### Section IV - Geology

Purple/Blue - \$1.50; Red - \$1.25; White - \$1.00

#### Geology Rules:

1. The exhibit box should be 18x24x3-1/2" with plexi-glass cover. All specimens are to be arranged across the narrow (18") dimension of the exhibit box, making the exhibit 18" across the top and 24" deep exactly. Plexi-glass cover must be removable from the top. Screws, locks, or other devices that would prevent judges from removing plexi-glass cover should not be used.

2. Each exhibitor is required to identify each display box by placing an identification label bearing name, county, and number of specimens in the upper left-hand corner of the plexi-glass cover (inside-use clear double sided tape to adhere gummed labels), and by attaching a label with the same information on the lower right corner of the box (outside).

3. Geology specimens should be labeled with the number of the specimens, date collected, specimen name or description, locality (county) where collected.

4. Specimens should be mounted in the box by proper groups-rocks, minerals, fossils.

5. All specimens must be collected from locations in Kansas. Out-of state specimens will not count in the minimum number for the class, nor will they be considered in the judging.

**H-401**-Display at least 15 rocks, minerals, and fossils collected during the current 4-H year. Limited to one exhibit box with plexi-glass cover. Fossils must be identified to the Phylum level.

**H-402**-Display at least 30 rocks, minerals, and fossils, at least 5 of each. 15 must be collected during the current 4-H year. Limited to exhibit box with plexi-glass cover. This class is open to those exhibiting either first or second time at fair. Fossils must be identified to the Phylum level.

### Section V - Photography

Purple/Blue - \$3.75; Red - \$3.25; White - \$2.75

#### Special Awards:

Dennis and Judy Smith, Muscotah, provide a picture frame for Champion 4-H Photography exhibit.

Robert and Edith Lewman, Cummings, provide a trophy for Reserve Champion 4-H Photography exhibit.

Carl Sternsdorff, Effingham, provide \$10 in premium money.

Ralph and Rita Madden, Effingham, provide \$25

Hinton Body Shop in Atchison provides \$20

#### Photography Rules:

1. Photo exhibits will be displayed in archival protectors and not plastic bags. This allows for greater exhibit clarity. Protectors and photo mats will be available for purchase at the Extension Office.

2. Each exhibitor will be judged by consultation. Judging times will be assigned.

3. Exhibitor will be allowed 4 exhibits total

4. Enlargements must be no larger than 8x10" and no smaller than 7x9" after trimming. Trim all white borders from enlargements before mounting. **Photos are to be mounted on an 11"(top) x**

- 12.5"(side) white mat board** (no foam core board). Mat boards are available at the Extension Office. **Top edge of print must be 1" below the top of the mount. Sides of the photo must be an equal distance from the sides of the mount.** A permanent mount must be made using photographic dry mounting tissue, or spray adhesive.
- No lettering is permitted on the mount or on pictures. No underlays or borders are to be used. No contact prints on front of mount.
  - Photo story exhibits may have 3-5 prints, no smaller than 3x5" (horizontal or vertical) arranged on one white mat board 11"x12.5" tall. Trim all white borders from prints.
  - The photo album is a portfolio of the exhibitor's work done during the current year. Photos are to be categorized and each photo captioned. Portfolio should be limited to 10 pages.
  - Composite exhibit is to be mounted on an 11" (top) x 12.5" (side) mat board. The purpose of this exhibit is to demonstrate photography technique; i.e. lighting. Small prints may fill the board.
  - Photographs taken with a digital camera and having no more adjustments than exposure, color intensity or correction, one click filter effects, red eye removal, cropping, dodging and burning should be entered in the standard color or black and white classes. Digital images that have had objects added or removed, multiple filter effects applied or black and white and color combined must be entered in the class for Computer Manipulated Photos. The black and white class is for black and white prints only. Monochromatic prints, including sepia prints are considered color photos and must be entered in the appropriate color photo class.
  - A Non-Adjustable Camera has a fixed f-stop and shutter speed. If the f-stop or shutter speed can be changed either manually or automatically, the camera is adjustable. Digital Camera A color/black and white photo taken with a digital camera and printed without any more enhancement than could be done in a photo darkroom/lab would be no different than a photo with film. Enter class 276 or 281. Computer enhanced or manipulated photos are those manipulated in the computer beyond that which could be done in the darkroom. These would be entered in class 300.
  - An exhibitor is limited to one photo (print) and one video entry. Exception: Exhibitors with 8 or more years may enter an additional photo if exhibited in a different class
  - Digital Composite Image - photo must be created from 2 or more originals take by the exhibitor. Exhibitor must include an explanation of what manipulation was done and the original photos in standard size print -

If small vegetables such as green beans are used as one of the five different vegetables, a dozen is suggested for a good display. Shelled vegetables should not be exhibited.

2. Quality and condition of exhibit will be considered. Choose vegetables for exhibit that will hold up well during the fair. Avoid -mature specimens. Those that are slightly under-ripe or slightly immature when picked may last longer.

3. A county fair exhibitor in classes I-202-218, earning a purple ribbon for a particular type of vegetable (i.e. early peas) is eligible to exhibit another vegetable (i.e. late pumpkins) at the State Fair.

4. Consult Kansas Extension publication, Exhibiting Vegetables for Display Guidelines.
