

4-H Meetings Using Zoom

Thank you, 4-H families and volunteers for your motivation and willingness to try something new and different as we temporarily move our 4-H meetings to a digital format.

Recommendations:

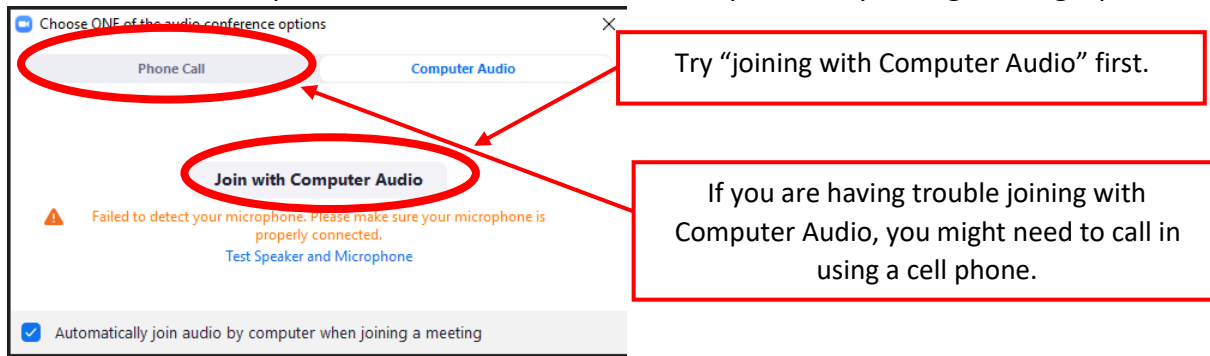

- Use a laptop/Chromebook/tablet since it has a larger screen, but your cell phone will work as well
- To feel connected as a 4-H club we recommend that 4-H'ers utilize a device with a camera and headphones, if possible, to reduce background noise
- Allow the club President to manage the meeting. Keep yourself on mute unless your President calls on you.
- Take role call using the "chat" feature.
- Raise your hand on camera if you want to make or second a motion and wait for the President to call on you.

Tips and Tricks:

We recommend keeping participants muted and having one person serve as a leader who organizes the group, especially for larger groups. The leader should encourage specific individuals to speak, so you are not speaking over one another.
